University Hospital Hradec Králové

University Hospital Hradec Králové

University Hospital Hradec Králové

TCM in University Hospital

- First contacts in development of cooperation between PRC and CR in 2013.
- Start of cooperation with Xiangya Hospital, Central South University.
- **Opening of University Hospital Hradec Kralove to new principles of care that are developed in China for thousands of years.**
- **Major partner: Shuguang Hospital of TCM Shanghai**

Goals of TCM in University Hospital

- **For clients**
  - to enable access to alternative care
  - to provide care for syndromes and illnesses that don't have solutions in western medicine
- Support education of physicians and other health care professionals.
- **Develop research activities incl. clinical trials.**
- Search for interesting commercial opportunities in cooperation with strong partners.

Development of TCM in University Hospital

- **Pilot phase**
  - **TCM Research Center in cooperation with Shuguang Hospital Shanghai opening on 17th June 2015**
  - Collaboration with TCM Center in Bohdanec Spa

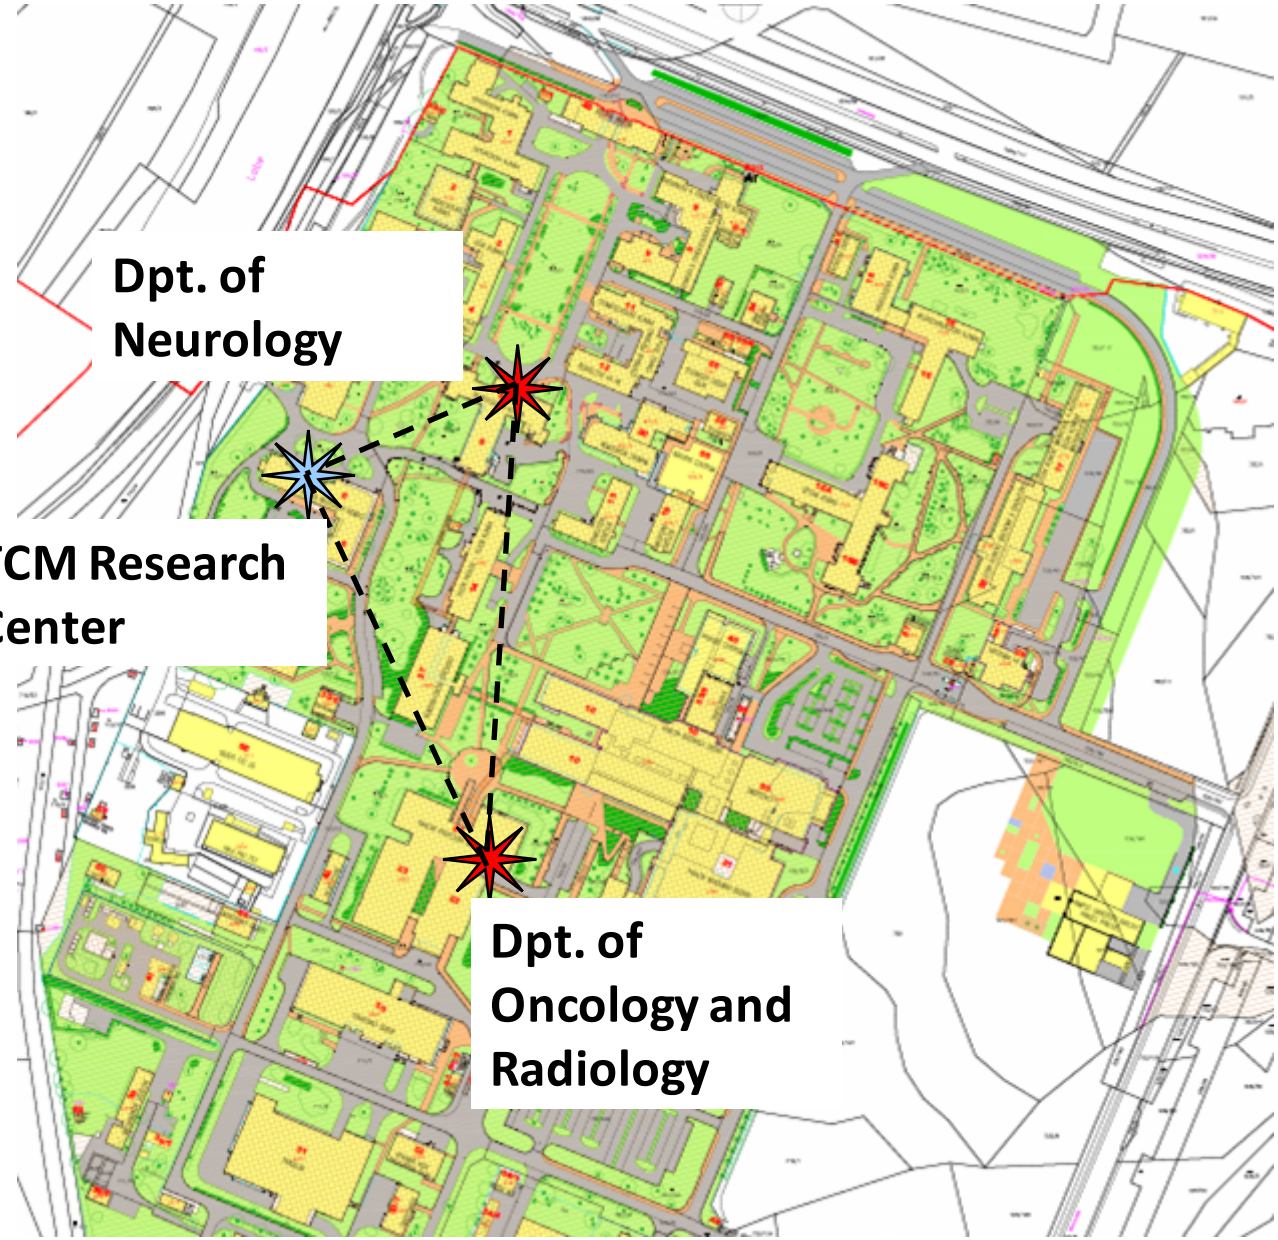

- **Phase of Complex clinical care**
  - Phytotherapy
  - Acupuncture and moxibustion
  - Cupping
  - TuiNa
  - Qi Gong

TCM Research Center

- **Cooperation with:**
  - Department of Oncology and Radiotherapy
  - Department of Neurology

Dpt. of Neurology
TCM Research Center
Dpt. of Oncology and Radiology

TCM Research Center

TCM Research Center

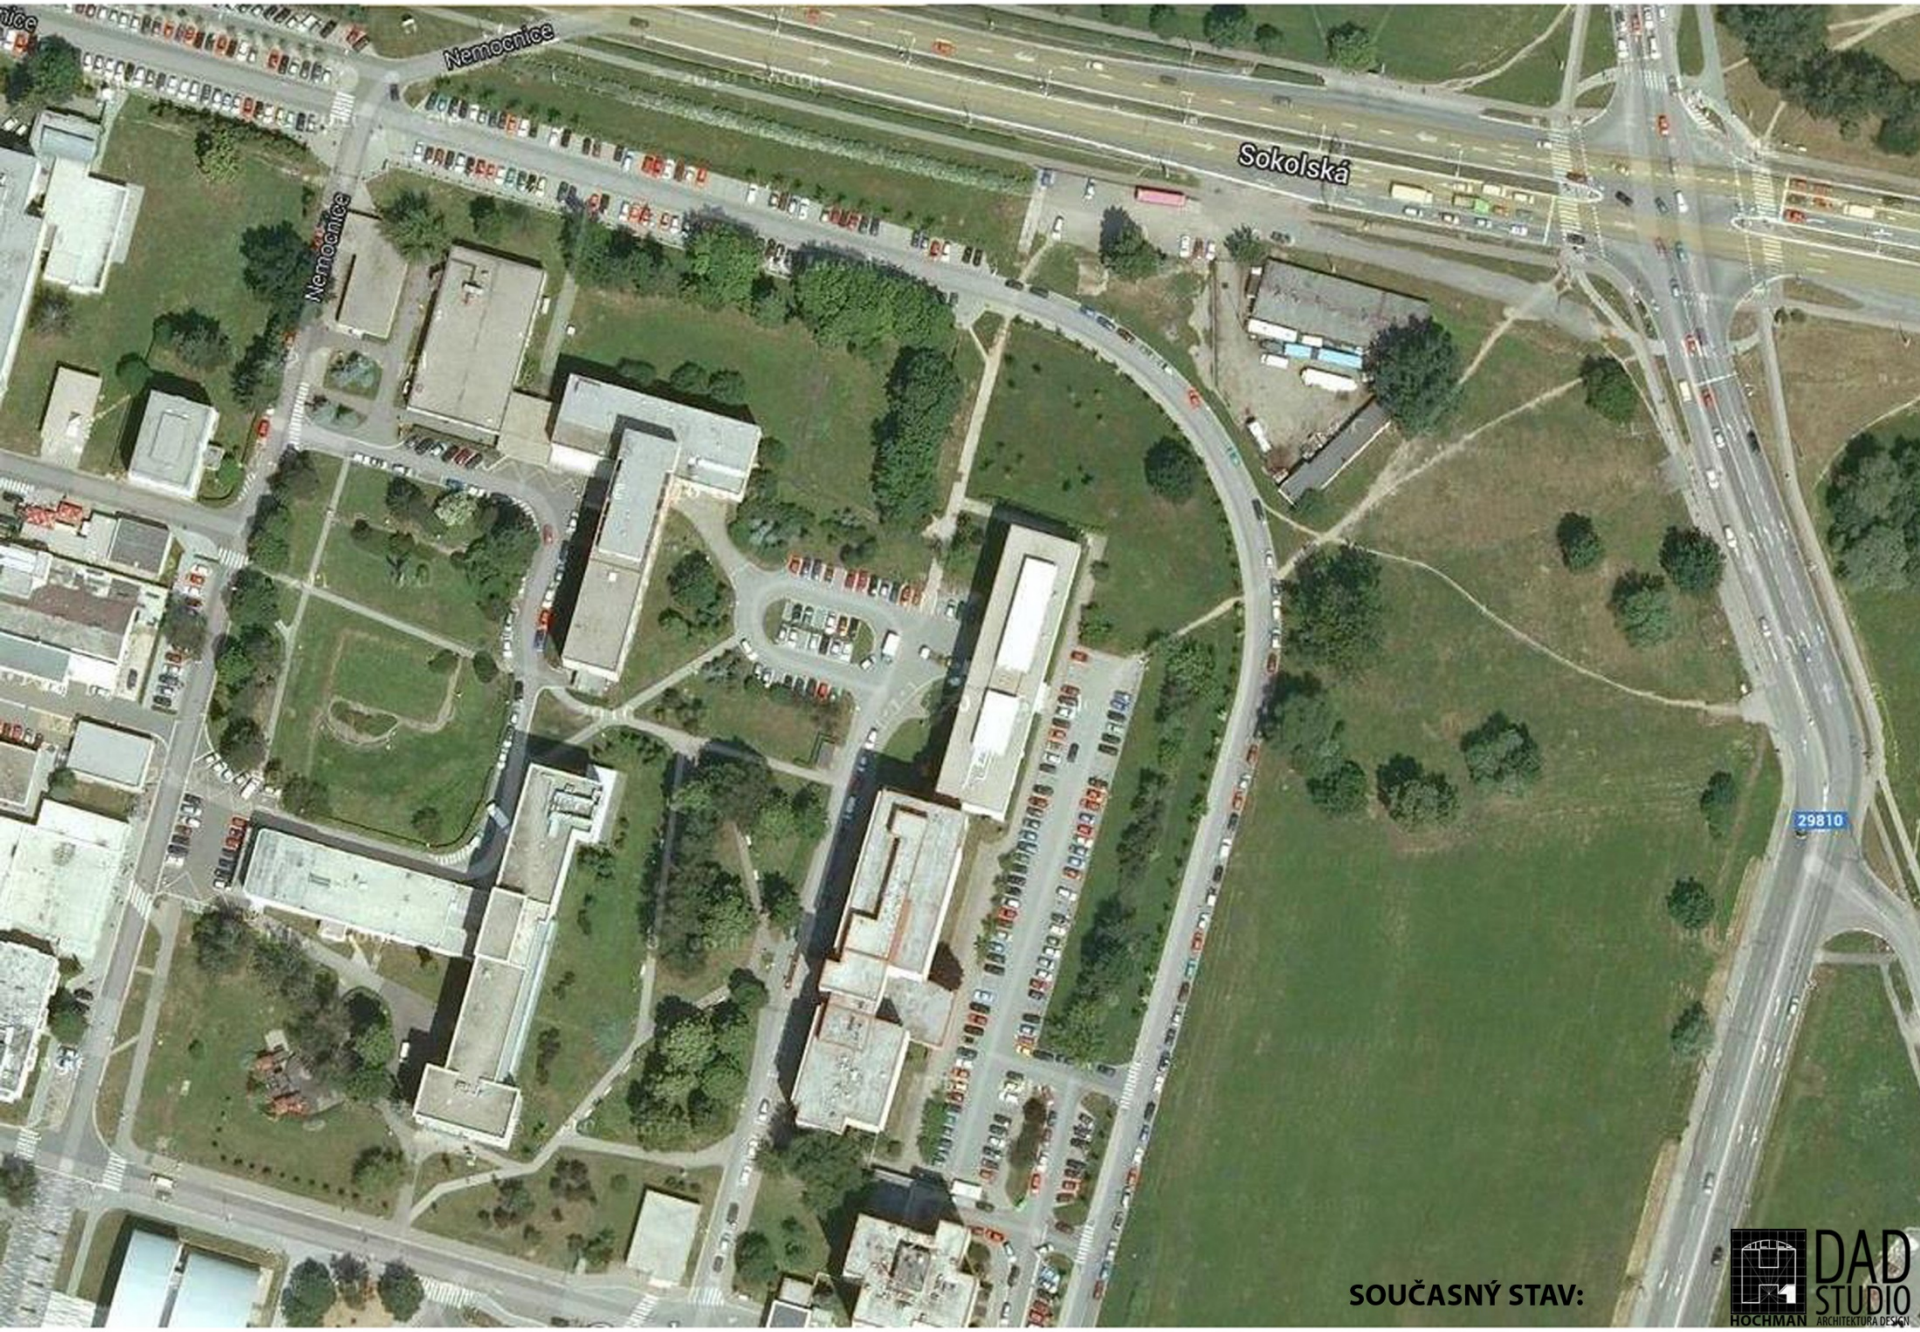

Vision

- **University Hospital has a vision to start a TCM Clinic in cooperation with Chinese partners** to develop application of TCM in high medical level in the Czech Republic and middle Europe.
- Project based on the mixture of activities with synergic effects.

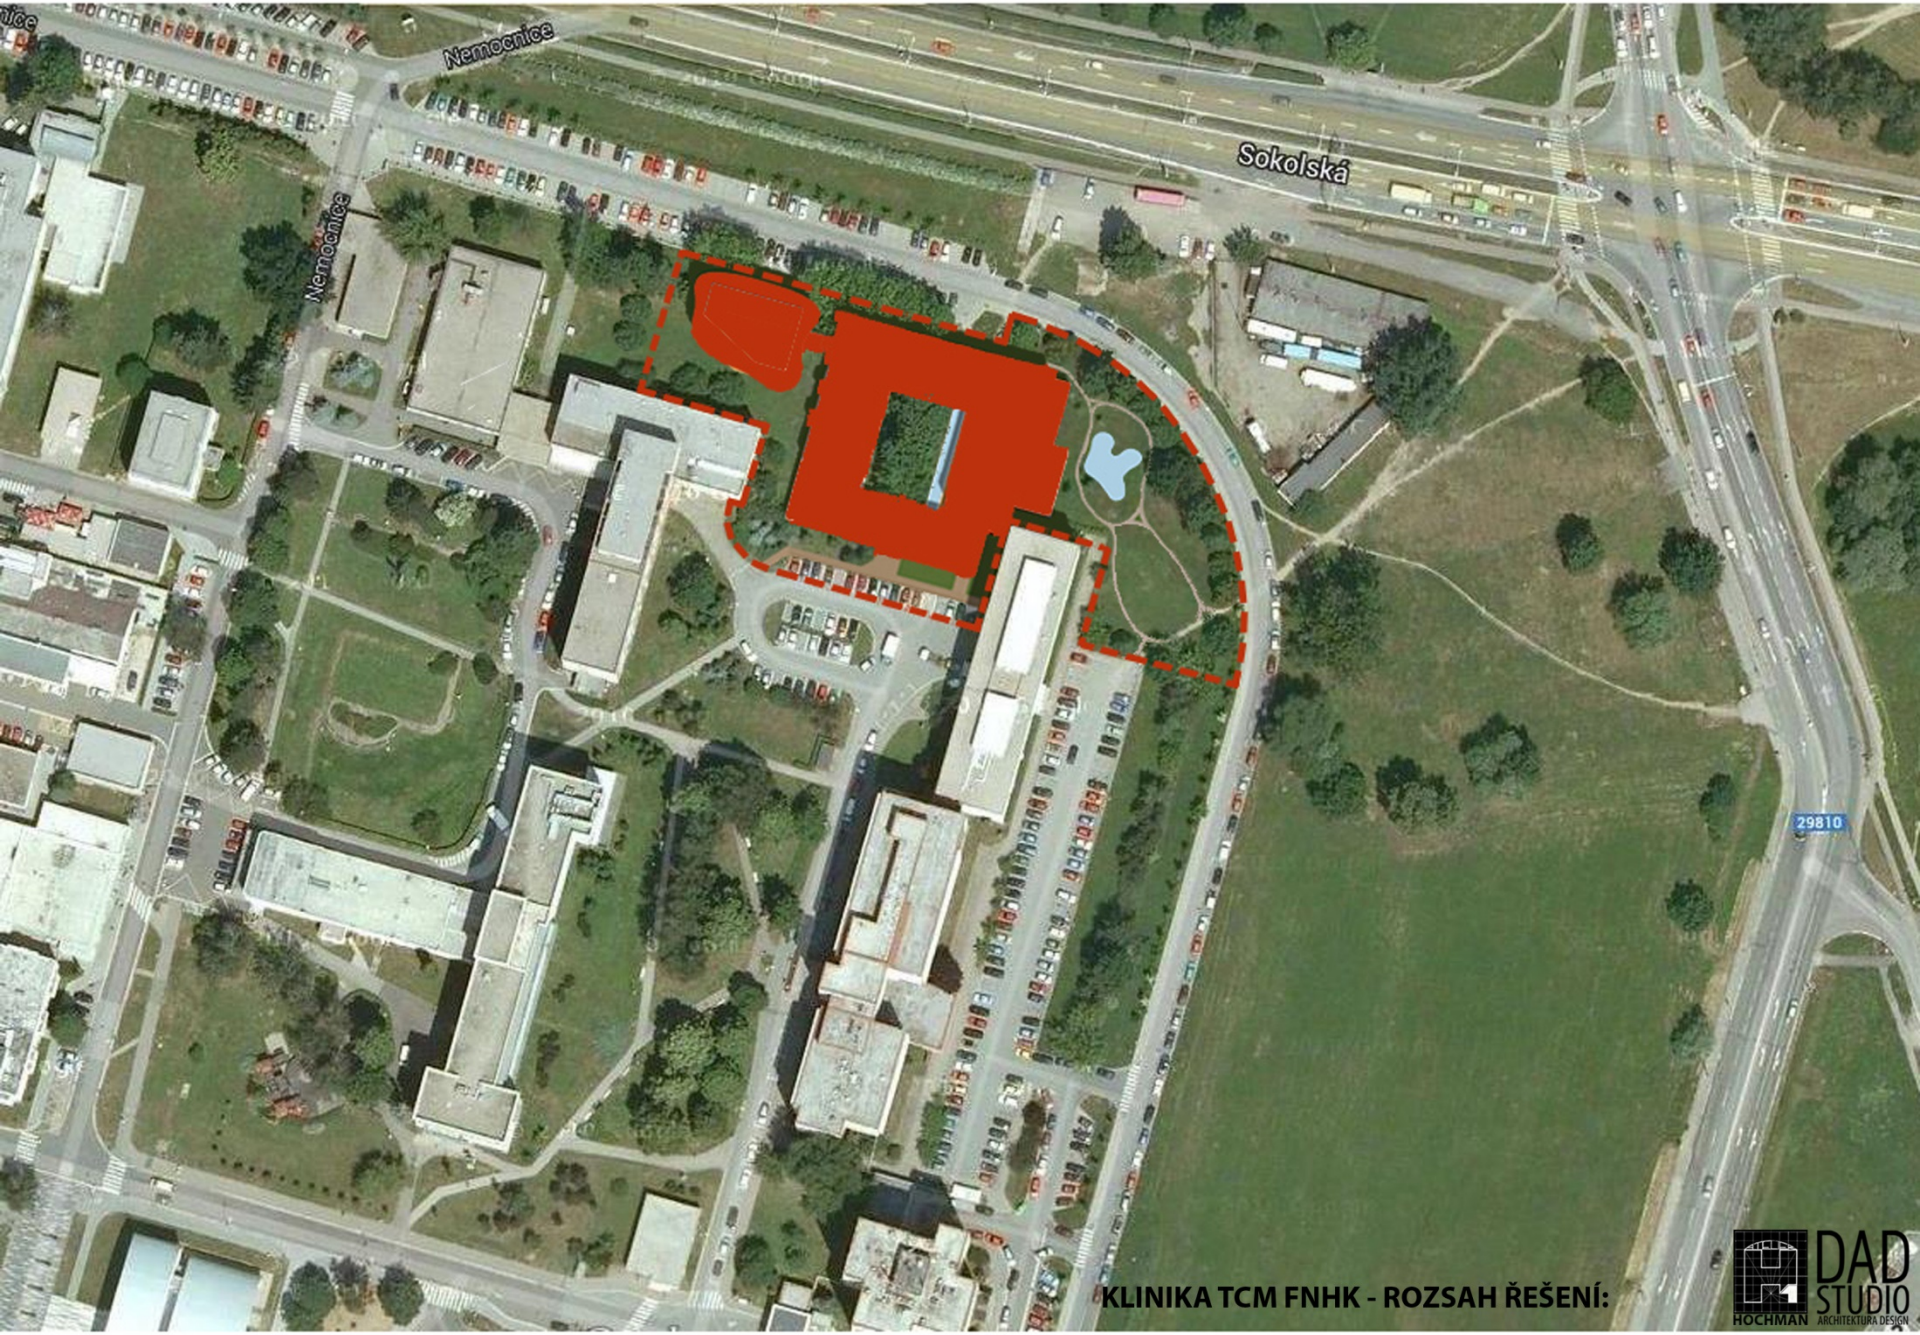

Clinic of TCM in University Hospital

- The TCM clinic will be **closely connected with other clinics in University Hospital Hradec Kralove**.
- There will be a large base for **treatment, research and clinical studies**.
- Connections with other activities (education, life style, product promotions,…) will ensure synergic effects.
