HealthCare in Romania -challenges and perspectives-

Prof Dr Dorel Săndesc,
Secretary of State, Ministry of HealthCare
President, Romanian Society of Anesthesia and Intensive Care
Current healthcare expenditure
Eurostat, 2011 (PPS: Power Purchase Standard)

Countries are ranked on the total (public + private) health expenditure in PPS per inhabitant. The Czech Republic, Lithuania, Portugal, Iceland, Norway, Switzerland and Japan: not available.

Situation in 2014

• National Programs for Anesthesia & Intensive Care, Acute Myocardial Infarction blocked
• Reduction with 40% of the budget for these Programs
• Serious threat to delete these programs
STOP COMPLAINING ABOUT YOUR COUNTRY, YOU FOOL! JUST DO YOUR PART WELL, BECAUSE YOU ARE YOUR COUNTRY.
April 13\textsuperscript{th}: Main objectives

1. Romanian Integrated, Pre and Intra-Hospital Emergency System

2. Modernisation of Romanian Hospitals, including Anesthesia & Intensive Care Departments (a project with World Bank)

3. Solutions for the development of new, modern hospital infrastructure

4. Solutions for improvement of the Statute of Doctors, Nurses and Medical Staff
Context

• A National, Modern, Integrated, Pre and Intra-Hospital Emergency System: a priority

• Romania: good, modern, well financed Pre-Hospital Emergency System

• In-Hospital: DRG System does NOT cover adequately the real costs of care of critically ill patients
The context

• Financing of in-hospital patients: DRG system

• DRG: does NOT cover the real costs of care of critically, complex, unpredictable cases ("cas couteux", "expenses cases")

• Negative impact on important hospitals
The solution: Priority Actions (PA) - a package of National Programs of Health -

- PA-Acute Myocardial Infarction: stents
- PA-Intensive Care: consumables, drugs, tests
- PA-Sudden Death Syndrome: implantable defibrillators
- PA-Trauma: osteosynthesis materials
- PA-Stroke: thrombolytics
  - consumables for Interventional Neuroradiology

**Funds:** directed specific to hospitals with the expertise
<table>
<thead>
<tr>
<th>Priority Actions-Impact</th>
<th>PA-AMI</th>
</tr>
</thead>
<tbody>
<tr>
<td>Intrahospital Mortality by AMI</td>
<td></td>
</tr>
</tbody>
</table>
Priority Actions: Impact

• **PA-Intensive Care:** - more than 400,000 patients admitted in ICU’s per year
  - significant increase in the quality of care
  - international interest in the model (Eastern Europe)

• **PA-Trauma:** - 3000 death/year only by road accidents
  - reduction of mortality
Priority Actions: New Projects 2015

• PA-Endoscopic Treatment of Upper Gastro-Intestinal Bleeding

• PA-Endoscopic Treatment of Obstructive Icterus

• PA-Endoscopic Treatment of Esophageal Stenosis

• PA-Endovascular Surgery
April 13th: Main objectives

1. Romanian Integrated, Pre and Intra-Hospital Emergency System

2. Modernisation of Romanian Hospitals, including Anesthesia & Intensive Care Departments (a project with World Bank)

3. Solutions for the development of new, modern hospital infrastructure

4. Solutions for improvement of the Statute of Doctors, Nurses and Medical Staff
The World Bank Project

- Objective: Reforms and Modernization in HealthCare System
- Technical Assistance for Reforms: Standards of Costs, Development of Day-Care/Ambulatory Services, Development of Complementary Insurance Systems, etc.
- Feasability Studies for 3 Regional Emergency Hospitals
- Modernization of in-hospital key services (top priorities: Anesthesia&ICU, Oncology)
- Anesthesia&ICU: 40 MILLIONS EUROS; starts this year!
- Etc
April 13th: Main objectives

1. Romanian Integrated, Pre and Intra-Hospital Emergency System
2. Modernisation of Romanian Hospitals, including Anesthesia & Intensive Care Departments (a project with World Bank)
3. Solutions for the development of new, modern hospital infrastructure
4. Solutions for improvement of the Statute of Doctors, Nurses and Medical Staff
New hospitals in Romania

• An absolute priority

• European Funds: do not cover the real needs
  – 3 Regional Emergency Hospitals (with limited financing)
  – Modernization of County Hospitals

• Solution: private investments; PPP
  
  - Full private investment for one Structure (hospital, congress center, apartments for the staff, senior house, school, etc) - 300-600 millions Euros
  
  - PPP in management (professional management company)
April 13th: Main objectives

1. Romanian Integrated, Pre and Intra-Hospital Emergency System
2. Modernisation of Romanian Hospitals, including Anesthesia & Intensive Care Departments (a project with World Bank)
3. Solutions for the development of new, modern hospital infrastructure
4. Solutions for improvement of the Statute of Doctors, Nurses and Medical Staff
Projects

• Project of Law for regulating the revenues of medical staff in public hospitals and other measures (*draft registered in Parliament*)

• Proposal of Ministerial Order for implementation of the Law for the rights of the patients 46/2003 (*in discussion with Patients Associations, Civil Society*)

• Project: a new system of salaries in the public sector (*Government*)

• Project of SRATI for debate: to stop the activity in public hospitals as employees; contracts of services between public hospitals and doctors as liberal profession, organized in legal forms (Civil Medical Societies, Patronate of Anesthesiologists, etc.)
